Hi!

Nice to meet you

My name is Maya Nudler, a Multidisciplinary Designer with a Bachelor's degree in Visual Communication. Expertise in branding, digital, print, and spatial design. With over 3 years of experience leading creative projects, I bring strong organizational and collaboration skills to transform ideas into impactful results from concept to completion.

Graphic & Spatial Designer | Freelance

Led branding, digital, and spatial design projects for clients in different industries. Delivered full project cycles including concept, design, client communication, and execution. Communicated with suppliers, adjusted design solutions to match budget limits, and prepared quantity and material lists to support project execution.

Key projects:

Jerusalem Design Week | 2021

Branding, video, and marketing materials.

College of Management Hackathon | 2022

Branding, signage, presentations, and event space design.

Graduate Exhibition | 2024

Branding, photography, marketing, spatial design, and video.

Professional Experience

Pha Studio | 2022 – 2023

Supported senior designers on branding and spatial projects. Gained hands on experience with client briefs, concept development, and execution.

Teaching Assistant | College of Management | 2022 – 2024

Assisted in courses: Image Making, Infographics, Studio first year, and Final Project.

Supported students with design tools, concept development and project execution. Coordinated between faculty and students to ensure smooth project delivery.

Blanco Advertising Agency | 2025

Designed campaigns for print and digital media.

Worked closely with marketing and creative teams to deliver branding and advertising solutions.

Volunteer Project

Max Company – UX/UI Website for Lone Soldiers

Designed website interface and user experience in collaboration with a student program. Involved in development guidance and marketing.
